# Join Us!

**By 2025**, food and beverage manufacturing businesses across Canada will require up to 65,000 new people for the workforce. Employers, employees, job seekers, human resource professionals and educators - are you ready? **We can help.**

At **Food Processing Skills Canada**, we are a community of people across Canada passionate and committed to workforce planning and career development. Members are vital to our work and for more than 10 years, we have advanced workforce development with members and stakeholders for the Canadian food and beverage manufacturing industry.

Joining our organization offers an excellent return on investment for students exploring careers, professionals developing a business and employers building workforce teams.
